

Name _____

Rider number _____

SBINZ Level Two Analysis Discussion Examiner Questions

1. Please can you tell me the inefficient movements the rider is making (i.e. the cause)? *[Candidate should identify which stance / movements are the main issue. Candidate can talk to you like the student if they prefer.]*

2. Please describe the cause and effect relationship here. *[Candidate should be able to identify which of the 4 movements and board performances are relevant, show understanding of cause and effect, and relate to a phase of turn.]*

3. Please describe the position you would like to see them in, and the movements you would like to see them use. *[Candidate should briefly describe the more appropriate movements they would like to see and the positive change they will gain from it.]*

4. With what you've just said in mind, what task would you use to help change this inefficiency? *[Candidate only needs to select one task or element from an appropriate progression, and adapt if necessary.]*
