Fitness, Incidents and Accidents

Our Ski Certifications are intensive courses of skiing and learning.

It is therefore important that you are physically fit and in good condition to be able to take full advantage of the training and education provided and to perform at your best for the whole period.

Hence, if you are/or become physically impaired/injured please bring this to the attention of the Ski Course Manager. A solution at this point will be advised. In the interest of safety and fairness to yourself and others the advice will most likely be to withdraw from the course. If you choose to continue against the advice of the Ski Course Manager there can be no recourse on the NZSIA.

Safety is our number one concern. Please report any incidents/accidents to your examiner or directly to the Ski Course Manager with facts, witnesses, location etc.

Safety Policy

NZSIA exams will require you to ski on a variety of terrain and conditions and complete specific tasks on snow. If at any time you feel unsafe or at risk of injury you should tell your trainer that you wish to opt out of the particular task. Depending on the situation this may affect the results of your examination.

Course participants should be aware of and follow the **Snow Responsibility Code** at all times:
